

McCaw to Centre Pathway

George Clapham

As many of you noticed and others will be noticing, the pathway between the Centre and McCaw Court has been paved. This occurred on a sunny but cool afternoon on Tuesday November 2nd.

The section of the path from just below the houses on McCaw and all the way down to the Centre are now owned by CCRA. Geranium had promised to complete that section of the path with compacting gravel but not to pave it.

The Canterbury Transition Committee, composed of Ed Richards, Gord Simmons, Barry Smythe and Jim Brady had negotiated with Geranium to pave the lower section at the same time as the upper part was being done. The total cost of paving this section was \$18,000 and Geranium at the last moment made the decision to pay the entire amount.

CCRA residents would like to thank our CTC negotiating team and Geranium for this early Christmas gift.
